Assono Hungary Telecommunications Ltd. i njegovi prethodnici zadovoljavaju potrebe svojih poslovnih-institucionalnih kupaca u oblasti telekomunikacija od 1990. godine. Radimo na stalnom razvoju svojih nadzemnih, mobilnih, video, glasovnih sistema komunikacija i komunikacije podataka, da bismo obezbedili da možemo da ponudimo konkurentna rešenja, podjednako na mađarskom i inostranom tržištu.

Osim planiranja, primene i održavanja svojih sistema, nudimo konsultacije i finansijske šeme, a spremni smo i da pružimo usluge hardverskog i operativnog prenošenja trećim licima.

Razvijamo posvećena rešenja za komunikacione sisteme Aastra i NEC i nezavisne softverske aplikacije za domaće i strano tržište, uključujući svoj COMM sistem i sistem dispečera, poslovni imenik CorpDir, zasnovan na veb sajtu, Conf-Me! televizijsku konferenciju i aplikacije za slanje poruka SIPbox, Book – IT sisteme za upravljanje sastancima i resursima, monitor efikasnosti pozivanja perFORMance, sistem upravljanja kampanjom pozivnog centra Assono CAR i druge kancelarijske aplikacije, kao što je Assono 3A sistem za obaveštavanje masa, kao i rešenja za svoje usluge kupcima i pojedinačna rešenja.

Assono Hungary Telecommunications Ltd. and its predecessors have been serving the telecommunications-related needs of their corporate/institutional customers since 1990. We are working on the continuous development of our integrated landline, mobile, video, voice and data communications systems to ensure that we can offer competitive solutions on the Hungarian and foreign markets alike. Apart from planning, implementation, and maintenance of our systems we offer consulting and financing schemes and are also ready to provide hardware and operation outsourcing services.

We develop dedicated solutions for Aastra and NEC communications systems and independent software applications for the domestic and international market, including our COMM& dispatch operator system, CorpDir web-based corporate directory, Conf-Me! teleconference and SIPbox messaging applications, Book-IT meeting and resource management systems, perFORMance call efficiency monitor, Assono CAR call centre campaign management system and other office applications such as Assono 3A mass notification system and also our customer service and individual solutions.

3A Assono Alert Application
Mass Notification System

Blazing fast mass notifications
even in an emergency

The advertisement features a man in a red shirt talking on a mobile phone. To his right, several small images illustrate various emergency scenarios: a fire, a person in a yellow safety vest, a person in a white protective suit, and a person in a white protective suit. The background is a blue gradient with white geometric shapes.
