DIVISION Visual Solutions d.o.o. iz Beograda je jedan od vodećih sistem integratora specijalizovanih za projektovanje i implementaciju ICT i AV profesionalnih rešenja, primenom najnovijih tehnologija u industriji. Intenzivno smo prisutni na tržištu tokom protekle decenije kroz niz važnih projekata u državnom i privatnom sektoru, telekomunikacijskim kompanijama, energetici i javnim službama. U bliskoj poslovnoj saradnji sa velikim brojem partnera vršimo projektovanje, dizajn, isporuku i instalaciju integrisanih hardverskih rešenja za kontrolno-komandne centre i SCADA softvera za potrebe upravljanja i nadzor 24/7. Nadgledanje različitih procesa od visokog značaja i rizika predstavlja neophodnost u sektorima od javnog značaja - proizvodnja i prenos energije, kontrola saobraćaja, telekomunikacije, centri za vanredne situacije, vojska, policija. Zajedno sa japanskom kompanijom MITSUBISHI ELECTRIC, vodećim proizvođačem «video zidova» za kontrolne sobe, realizovali smo niz projekata u Srbiji i regionu, koji su doprineli opštem povećanju produktivnosti i kvaliteta samih procesa.

DIVISION VISUAL SOLUTIONS d.o.o. from Belgrade is one of the leading system integrators specialized for the design and implementation of ICT and professional AV solutions, using the latest technologies in the industry. We have been extensively present in the market during the past decade, through the network of our partners, through a series of important projects in state and private sector, in telecommunication companies, energetics and public services. In close cooperation with many business partners we do designing, delivery and installation of integrated hardware solutions for control and command centers and SCADA software for management and surveillance 24/7. Monitoring various processes of high importance and risk is a necessity in the sectors of public importance – production and transmission of energy, traffic control, telecommunications, centers for emergency situations, military and police. In cooperation with the Japanese company MITSUBISHI ELECTRIC, a leading manufacturer of “video walls” for control rooms, we have carried out a number of projects in Serbia and the region, which contributed to the overall increase in productivity and quality of the processes.
