Kompanija Železara Smederevo d.o.o. je poznati proizvođač čelika i asortimana toplovaljanih i hladnovaljanih proizvoda i belog lima u koturovima i tablama. Pogoni Železare Smederevo smešteni su u Radincu, nadomak Smedereva, u Šapcu (proizvodnja belih limova) i Kučevu (eksploatacija krečnog kamena, proizvodnja kreča). U sklopu Železare Smederevo nalaze se i dve luke na Dunavu. Kompanija ove godine obeležava 50 godina od početka izgradnje prvih pogona na lokaciji u Radincu, a kao svoj najvažniji poslovni vodič ističe bezbednost na radu i vodeće rezultate u Srbiji vezano za ovu oblast.

Company Zelezara Smederevo d.o.o. is a well-known producer of steel and other hot and cold rolled products, as well as tin plate in coils and sheets. Zelezara Smederevo facilities are located in Radinac, near Smederevo, in Sabac (tin plate production) and in Kucevo (limestone excavation, producing lime). The Company also has two harbors located on Danube River. This year Zelezara Smederevo is marking its FIFTIETH anniversary since the beginning of construction of the facilities at its location in Radinac, proclaiming its leadership in Serbia in the work safety area as its most significant business goal.
