VATROSPREM proizvodnja d.o.o. je specijalizovano preduzeće za proizvodnju vatrogasnih vozila, protivpožarnih aparata i opreme, komunalnih vozila i vozila za putarsku industriju.

Proizvodimo sve tipove vatrogasnih vozila za potrebe civilnih i vojnih vatrogasnih jedinica, kao i vozila za gašenje šumskih požara, požara u industriji i na aerodromima.

Vozila su rezultat sopstvenog razvoja i projektovana u skladu sa domaćim i međunarodnim propisima i standardima. Do sada je proizvedeno preko 5000 vatrogasnih vozila svih vrsta i namena na različitim kamionskim šasijama.

Naš sektor protivpožarnog inženjeringa pruža usluge projektovanja, montaže i servisiranja svih tipova instalacija za gašenje požara u skladu sa domaćim i stranim propisima. Posedujemo licence za projektovanje i izvođenje sistema za gašenje vodom (automatski sprinkleri), penom i gasovitim sredstvima (CO₂, FM-200).

VATROSPREM proizvodnja d.o.o. je jedini ovlašćen za poslove skladištenja i distribucije kao i za servisiranje halonskih instalacija i aparata u skladu sa domaćim propisima i odredbama međunarodnih ugovora koje je potpisala naša zemlja.

Tradicija i iskustvo, uz visoke standarde kvaliteta i primenu najsavremenijih tehničkih rešenja, garancija su pouzdanosti i sigurnosti naših proizvoda.
